Drone Operator Certificate

NEW

Portage Campus

11046	Drone Operator Flying Skills 1	MTF	8:30 AM-4:00 PM	6/25-29/2018	\$349.00
11047	Drone Operator Flying Skills 2	MTF	8:30 AM-4:00 PM	7/9-13/2018	\$349.00

Fort Atkinson Campus

11353	Drone Operator Flying Skills 1	WRF	8:30 AM-4:00 PM	7/25-27/2018	\$349.00
11354	Drone Operator Flying Skills 2	WRF	8:30 AM-4:00 PM	8/22-24/2018	\$349.00

This newly created certificate consists of three classes, and these classes follow EITHER the online Basic Skills class OR can be taken if you already have your FAA Part 107.

Flight Skills 1 is a hands-on opportunity to begin flying your drone. The class will consist of one session of lecture, covering nomenclature, care and functioning of your drone. Next you will learn how to use the Joystick, complete a pre-flight checklist and safety checks, and prepare to take flight! Sessions 2 and 3 will teach: Raising and lowering, the Home feature, practice hovering drills and maneuvering in the air. After this class you will be prepared to take the FAA test and get FAA certification on your own.

Flight Skills 2 will focus on advanced flight skills, where you will work one-on-one with an instructor and drone. The first part of the course will be entirely flight-focused, while the second part of the course will involve creation and presentation of a photo portfolio. Each student will prepare a portfolio focused on their unique professional needs as a Certified Drone Operator, and the portfolio will belong to the student. Completion of a satisfactory portfolio and demonstration of proper flight competencies will result in a Madison College Drone Operator Certificate!

Drones will be supplied, but students are welcome to bring their own if they have one.
